

Mobile Phone Policy

Brutech Corp Sdn Bhd is vested with responsibility to observe BSP No.11 LIFE SAVING RULE which state that, **“While Driving do not use your mobile phone and do not exceed the speed limit.”**

All drivers must not answer a mobile phone or pager, send a text message, or use a hands-free mobile device while driving a vehicle. They must only use the phone when a vehicle is safely parked. Passenger should intervene if a driver is using a phone in a moving vehicle.

Mobile phones may only be used in vehicle, where permitted by legislation: on cases of emergency and / or personal safety situation, as part of convoy management; or inside a plant, in a safe area and at safe speeds either during an emergency or time sensitive operations when needed to maintain safe control of equipment or processes.

They are to adhere to this policy an all times. Failure to do so will result in disciplinary action or consequences management. Management and supervisor are to remind all drivers during their Toolbox Talk of before the onset of their journey.
