

Use of Mandatory PPE Policy

In line with the Health, Safety and Environmental Policy and Commitments of Brutech Corp Sdn Bhd, our policy on the use of personal protective equipment (PPE) as a minimum requirement for own staff and the employees, is that:

- **Safety helmets must be used at all times when PPE sign is posted.**
- **Safety shoes and boots must be worn.**
- **Safety glasses or eye shields are to be used outside accommodation and office areas in operating facilities, drilling rigs, workshops and construction sites and other areas specifically sign-posted or governed by local rules.**
- **Gloves are to be used to protect hands against chemical, physical and biological hazards – use type most appropriate to the working condition (note that wearing of gloves during operation of high-speed rotating machinery such as lathes, pillar drills, etc. is strictly prohibited).**
- **No finger rings are to be worn during operation of rotating equipment.**
- **Long sleeve coveralls of the appropriate material must be worn.**
- **Hearing protection must be used when sign-posted.**

PPE signage must be put at appropriate locations to remind all of these requirements.

Depending on the nature of work or activity, additional or special types of PPE may be required and must be specified on Permit to Work.

‘Each of us has a right and duty to intervene with unsafe acts and conditions or when activities are not in compliance with this HSE Policy and Commitment’.
